Educate Your Kids about Summer Bike Safety

Summer is here and your kids will be out of the house playing and biking all over the neighborhood. Now is a good time to teach them about riding their bicycles in a safe manor. Your homeowner's policy can provide coverage for bicycle theft, and some homeowner's policies have low coverage limits for things like sporting equipment. If you own a high value bike you may want to make sure it is properly covered. Remember any loss covered will be subject you homeowner's insurance deductible.

Bike Safety Tips

- Always have your child wear a properly fitted helmet.
- Maintain your bikes on a regular basis to be sure they are functioning properly.
- Do not get distracted. Do not listen to music or talk on the phone while bike riding.
- Whether daytime, dawn, dusk, foul weather, or at night, you need to be seen by others. Simply wearing white does not insure your visibility.
- Avoid Riding at Night.
- Go with the flow. Bike in the same direction as traffic.
- Obey All Traffic Laws. A bicycle is a vehicle, and you are a driver. When you ride in the street, obey all traffic signs, signals, and lane markings
